IPP Project Manager – (M/F)

CDI

Under the responsibility of French Guiana Asset Management Director, the IPP Project Manager will:

- Define, prepare and manage full projects targeting enhancement and recovery of French Guiana's plants (hydroelectricity, biomass, solar photovoltaic, storage);
- Steer, as asset owner, the construction and commissioning of new plants in French Guiana;
- Negotiate or re-negotiate power purchase agreements;
- Manage the land stakes along the lifecycle of the production units;
- Manage the contractual framework with suppliers and service providers (internal and external);
- Ensure compliance with the regulatory framework;
- Manage constructive relationships with institutional partners;
- Define and control the budget of each production unit.

In the performance of his duties, the IPP Project Manager must:

- Ensure the people and assets security ;
- Ensure compliance to quality and operational procedures;
- Monitor the operational and regulatory methods of the subcontractors;
- Report dangerous situations ("near miss");

At Voltalia we are passionate about **renewable energies**! We are an electricity producer from wind, solar, hydro and biomass, and also a service provider to 3rd party clients such as **Development, EPC, O&M and Distribution**.

Today we are in **18 countries, split among 4 continents**, and offering a **global operating capacity** to our clients. We are listed on the regulated Euronext market in Paris since July 2014.

If you share our ambition and our passion for renewable energies, Voltalia has a career for you!
